## **Raising a Healthy Family Chemical- Free**

**by Barry Smeltzer MPAS, PA-C**

When: Monday, Feb. 6<sup>th</sup>, 2012 from 6-8pm

Where: Prince Of Peace Lutheran Church

7303 Ray Bon Dr.

Barry has a Masters in Physician Assistant studies from Finch University/Chicago Medical School. He is the Clinical Supervisor for HBO2 Works here in San Antonio. He has been trained as a Defeat Autism Now Practitioner and prior to heading to Texas this past year he was treating families in the suburbs of Chicago who were dealing with the diagnosis of Autism, ADHD, allergies, gastrointestinal and immune issues, vaccine injury and more. He will continue his holistic and alternative treatments in San Antonio in early

2012. He has presented to local organizations in the Chicagoland area and National organizations such as TACAnow, Holistic Mom's Network, National Autism Association and Autism One. In addition he has also has been published in the Autism Science Digest and The Autism File. Barry is happily married to Linda, wife of 13 years, and is the father of four wonderful kids, including his own son Nicholas, who is making significant improvements from his vaccine injury through holistic medicine.

Please join us for a potluck dinner beginning at 6pm. Bring your own drinks and a healthy dish to share. Nursing babies in arms are welcome to attend with their parents. We ask that alternative childcare arrangements be made for other children to minimize noise & distractions for this event, however, we do not want to exclude anyone from attending. If you must bring your child/ren, please bring quiet activities for them because they must stay in the room with us, as we will not have the nursery staffed. Thank you for understanding!
